**This pricelist is uploaded monthly. Due to the frequently
fluctuating dollar, prices are subject to change at any time.**

**We have all current models of most brands and equipment in stock all the
time and all the parts to suit your size and poundage. Don't believe that
you need to wait weeks to obtain your bow or equipment. That is not the
case.**

**We now indent bows from PSE, Bear and APA Direct.
Archery Equipment WA is proud to be the Australian Distributor for APA
Bows and Equipment.**

Please note NO manufacturer gives any warranty on bows purchased through the internet – if you are not experienced with your equipment, please think carefully about purchases and where you make them. If you make the wrong choice, don't know how to put it together or there is a fault, you will not be able to return it and then a “cheap” deal is no longer a bargain.

Just because an item is shown on an internet site that does not necessarily mean it will be available at that price when you try to purchase it on line.

Archery Equipment WA has a wide range of items in stock and clearly shows you the price.
